Specifications of 5mm+6A+5mm insulated glass:

Product name: 16mm tempered insulated glass

Spacer: Air, argon

Combination: 5mm tempered glass +6mm air/argon gap+5mm tempered glass

Size: Customized sizes, jumbo size included.

Delivery: 7-15 days after deposit received.

Production of insulating glass:

 **SZG**
Professional glass manufacturer

Advantages of 16mm insulated glass:

- 1.Sound proof: 16mm insulated glass has good effect for sound insulation and can reduce noise transmission.
- 2.Insulated glass can reduce the weight of the buildings if it's used as curtain wall, etc..
- 3.Energy saving: Insulating glass is good for heat insulation.
- 4.Safety: Tempered insulated glass has all safety features of tempered glass.
- 5.Double glazed glass can keep indoor temperature and humidity constant.

SZG-Glass Quality Standards:

1. Chinese Safety Glass Compulsory Certification (CCC) and ISO 9001.
2. CE certificate of European safety glass standard.
3. BS 6206 certificate of UK safety glass standard.
4. SGCC certificate of USA safety glass standard.

Applications :

Nowadays, the requirement of energy-saving is more and more important for modern buildings.

1. Facade, curtain wall;
2. Window & doors;
3. Skylight;
4. Partition wall, etc..
