

SZG-Glass Manufacturer-Building Glass-8mm clear toughened fluted glass

8mm clear toughened fluted glass is a type of decorative glass which is popularly used as shower glass, office partition, doors, balustrade, handrail, etc. The toughened fluted glass has the safety features of normal [tempered glass](#). It's custom-made according to clients' design, including thickness, size, colors, fluted spacing, etc.

Images of 8mm clear toughened reeded glass:

Shenzhen Sun Global Glass

A photograph showing a rectangular piece of clear glass with a wavy, undulating surface. The glass is held in place by a metal frame or support structure, which is visible as a dark, metallic band across the middle and bottom of the glass. The background is a plain, light-colored wall. The text "Shenzhen Sun Global Glass" is overlaid in the center of the image.

Notice:

All processes such as drilling holes, polishing edge, rounding corners, cutouts, cutting notches must be finished before being tempered.

Advantages of 8mm ribbed tempered glass:

- 1.Strength: The 8mm tempered ribbed glass is about 4~5 times harder than 8mm annealed fluted glass, it can withstand heavier impacts.
- 2.Safety: 8mm fluted toughened glass will become small cubic pieces without sharp edges and corners when it's broken.
- 3.Ribbed glass has good decoration effects.
