

SZG 9.52mm white pvb laminated glass- best laminated glass brand manufacturers and factory in China

9.52mm milk white laminated glass is made of two layer of [4mm tempered glass](#) sandwich with milk white pvb together. The middle layer is 1.52mm white PVB film, after heating and high-pressure special process, the two layers of glass adhere together. Laminated glass is considered to be safety glass in modern building material market. Due to the process of lamination, the laminated glass is super strong and high protective against breakage.

Milk White PVB Laminated glass features:

1. Milk white pvb laminated glass provide glass with the appearance of sandblasted or acid etched effect, it is a kind of frosted glass, can protect people privacy.
2. Even with obscure look, the white laminated glass surface are smooth and easy clean, use widely as decorative interior glass.
- 3.Safety glass features: same as normal laminated glass, the breakage will bond by pvb film and will not fall down.
- 4.Tempered glass features: after broken, glass will break into small granular , the breakage will not harm human beings and stick by PVB.
- 5.UV rays resistance: milk white laminated glass reduces the penetration of UV rays and protect indoor objects from UV rays radiation. It is a good choice to keep articles from sun irradiation.

Specification:

Glass :44.4 milk white tempered laminated safety glass

Other glass thickness: 11.52mm milk white laminated glass,13.52mm milk white laminated glass,17.52mm milk white laminated glass,21.52mm milk white laminated glass,25.52mm milk white laminated glass etc

Max size: 3300x12000mm

Glass color: clear laminated glass,low iron laminated glass, green laminated glass,bronze laminated glass,blue laminated glass,greylaminated glass,acid etched laminated glass,silk screen laminated glass,low e laminated glass etc.

PVB thickness: 0.76mm pvb laminated glass,1.14mm PVB laminated glass,1.52mm PVB laminated glass,1.9mm PVB laminated glass etc

Quality Certificates:

9.52mm milk white pvb laminated glass are produced strictly under ISO9001 Quality System and have passed following domestic and international quality standards:

1. 9.52mm milk white pvb laminated glass meet CCC(Chinese Safety Glass Compulsory Certification).
2. 9.52mm milk white pvb laminated glass meet China laminated glass standard GB9962.

3. 9.52mm milk white pvb laminated glass meet European safety glass standard EN12543, EN14449, American safety glass quality SGCC.

Applications:

9.52mm milk white pvb laminated glass use in interior glass, same as below:

Glass partition wall

Glass shower door

Glass railing
