Functions

Simple and elegant structure, semicircle front tube ensures the fabric smooth and no sinking. High strength arm, pulling chain makes the tension stronger, bracing force of the arm greatly enhanced. Motor controller integrated, matching with LED lighting. When close, the whole awning is retracted into the cassette to avoid the fabric getting dirty. Stainless steel screw bolts, high-temperature powder-coating finish.

Adjust the temperature and control the sunlight

Ventilation, wind resistance

Sunscreen, UV protection

Rain and snow protection

Adjust temperature

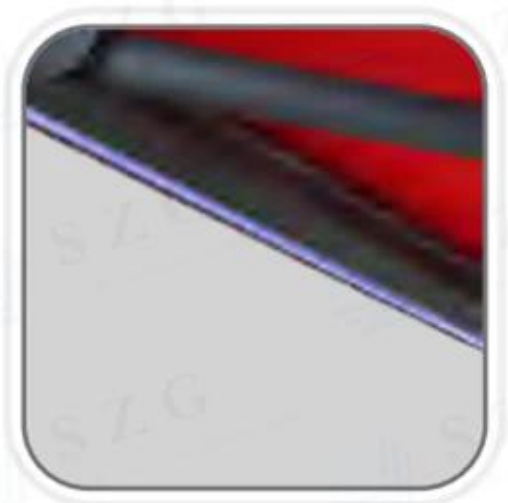

Techniques Details

Side bracket is made of aluminum casting, it tightly combine with the wall installation brackets, looks great.

Arch front tube match the colored side cap.

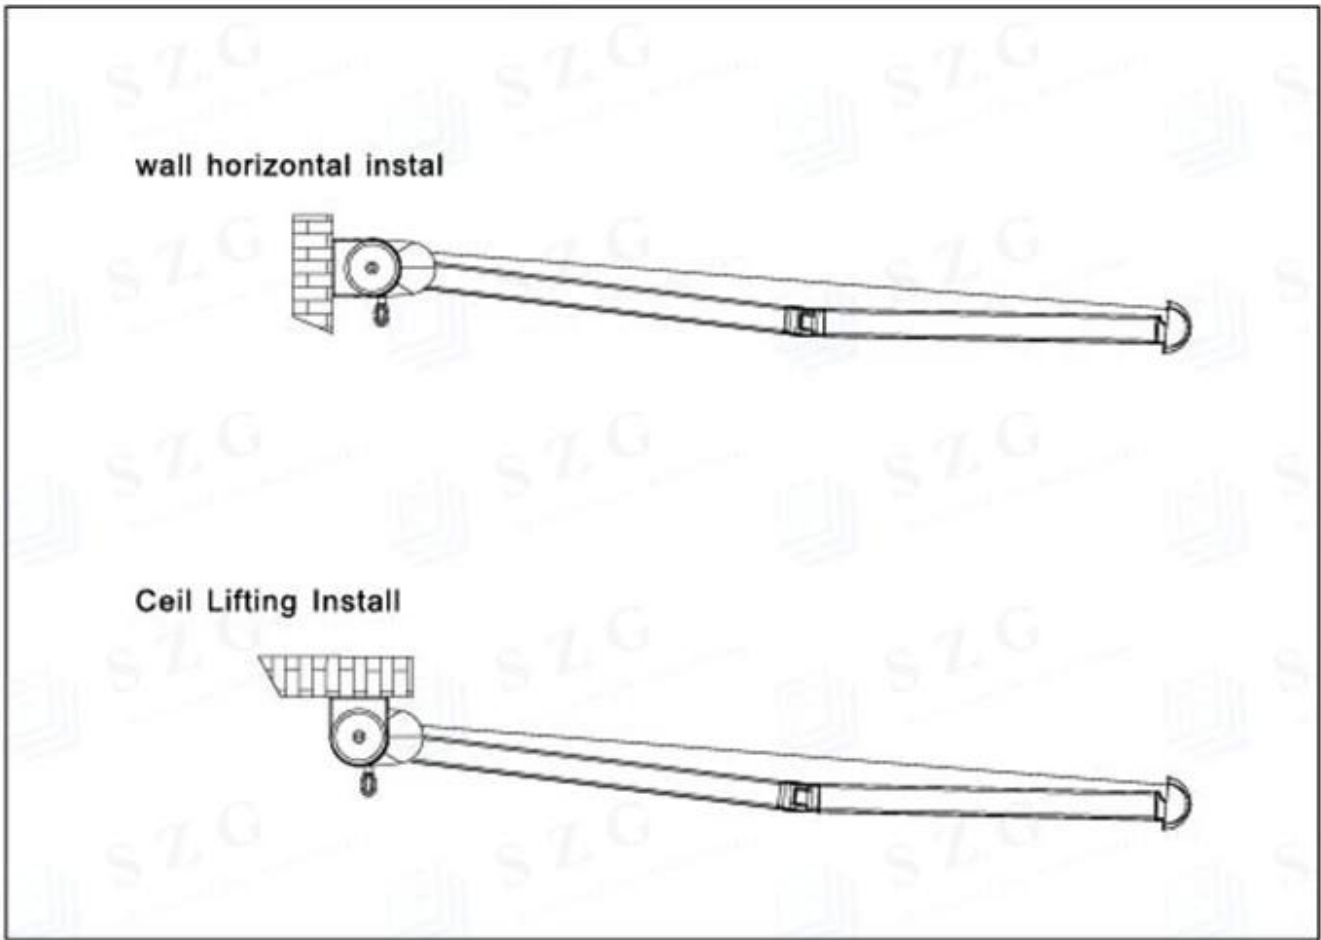

LED light is in the back of the of cassette frame, which can be operated by remote control, quite practical.

Special-shape arm increase its strength and intensity, arm is made of 304 stainless steel chain instead of steel wire, it become more durable.
