

SZG 11.52mm blue green pvb laminated glass- best laminated glass brand manufacturers and factory in China

11.52mm blue green laminated glass is made of two layer of [5mm tempered glass](#) sandwich with blue green pvb together. The middle layer is 1.52mm blue green PVB film, after heating and high-pressure special process, the two layers of glass adhere together. Due to the process of lamination, the laminated glass is super strong and high protective against breakage. Laminated tempered glass is the safety glass in modern building material market.

Blue Green PVB Laminated glass features:

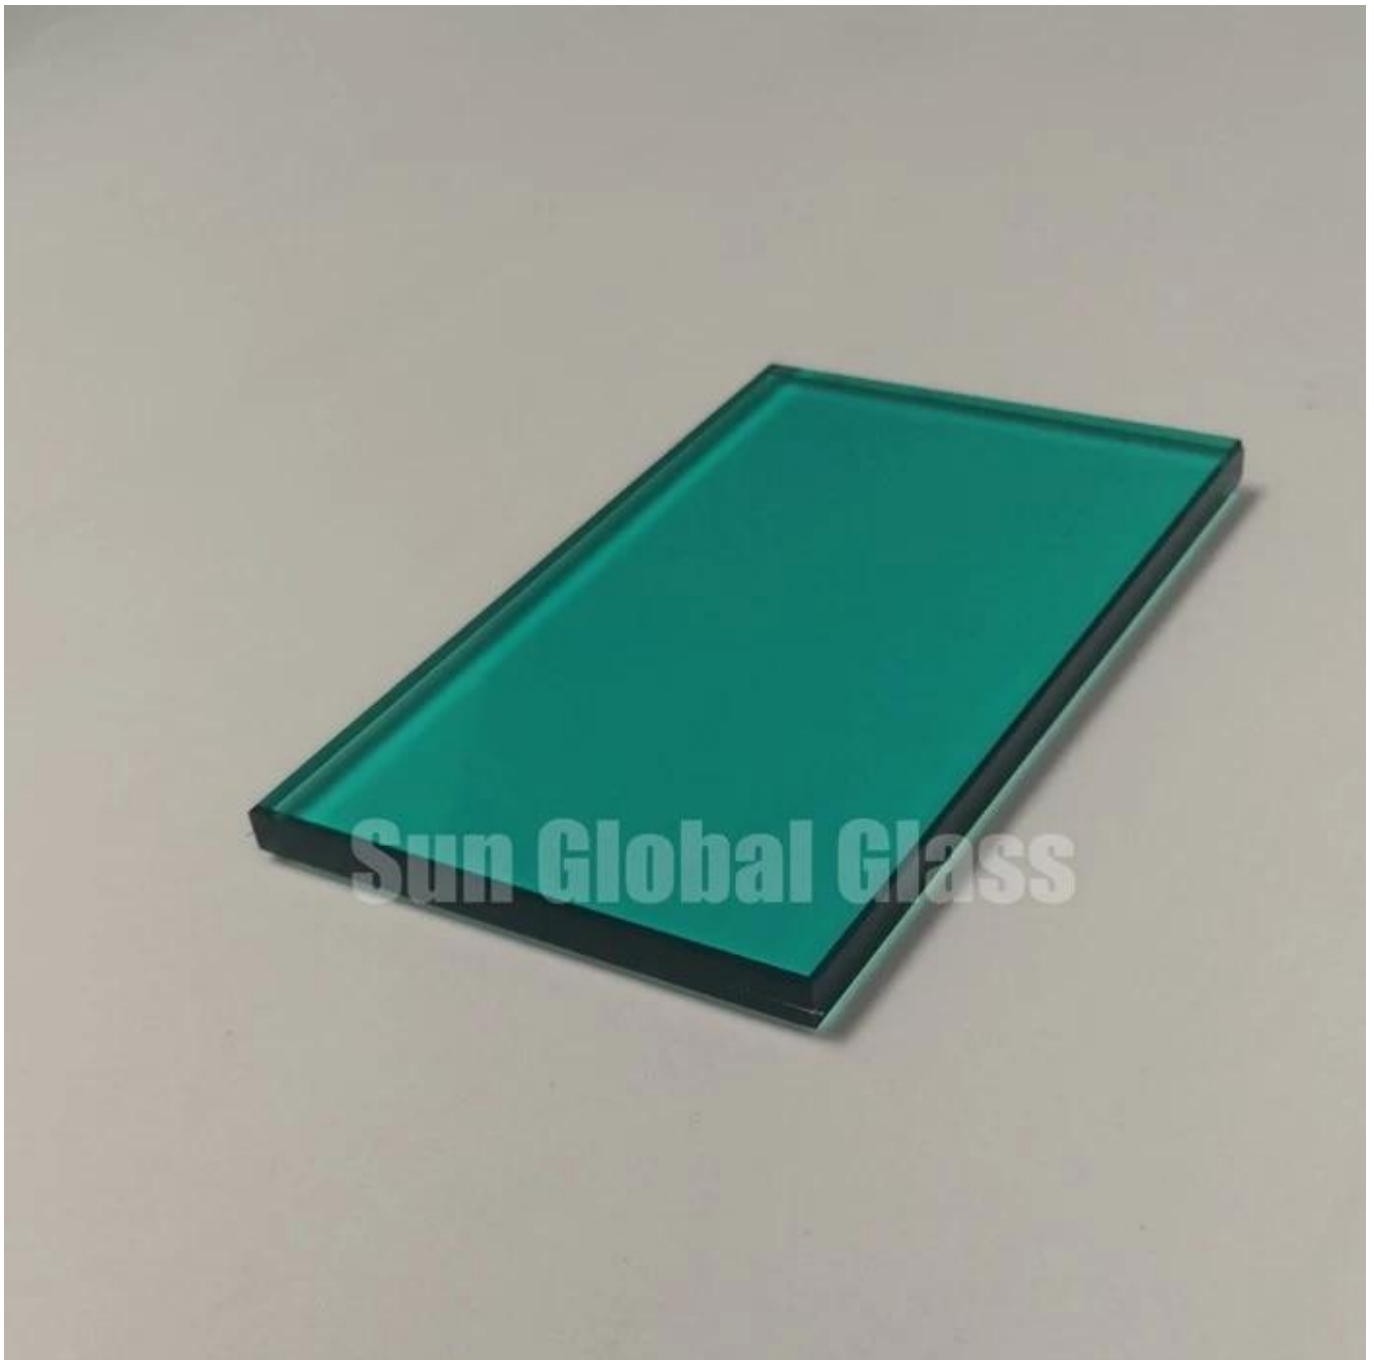

1.Safety glass features: the breakage of laminated glass will bond by pvb film and will not fall down, use widely in modern construction.

2.Tempered glass features: the laminated toughened glass after broken, glass will break into small granular and the breakage will not harm human beings and stick by PVB film.

3. Blue green pvb laminated glass provide glass with good appearance, use widely as interiors and exteriors,such as partition, railing etc.

4. As the color is from pvb, and will not fade with time pass by. Laminated glass surface are smooth and easy clean.

5.UV rays resistance: blue green laminated glass reduces the penetration of UV rays and protect indoor objects from UV rays radiation. It is a good choice to keep articles from sun irradiation.

Specification:

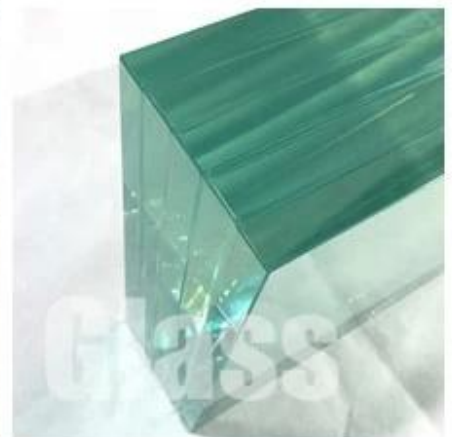

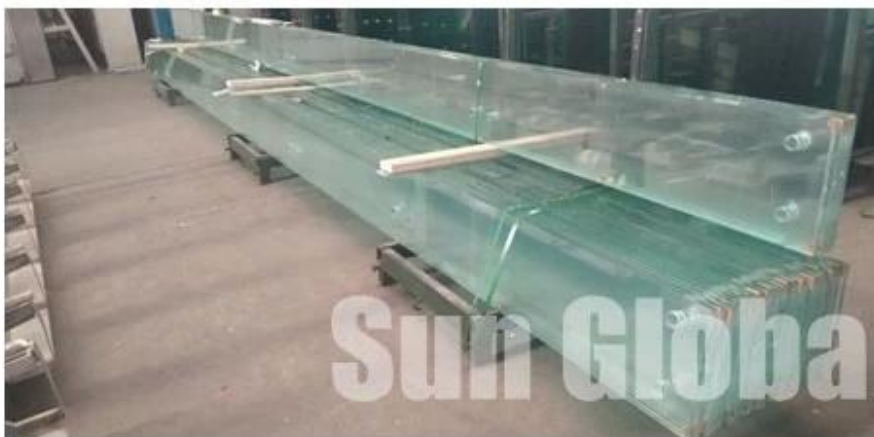

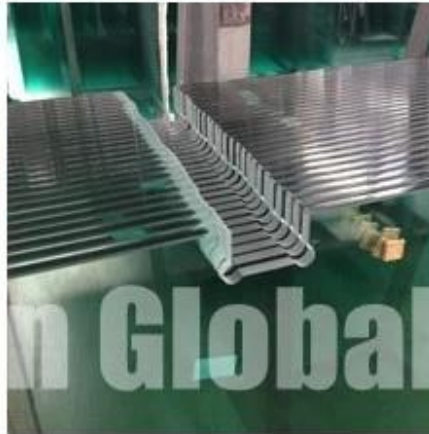

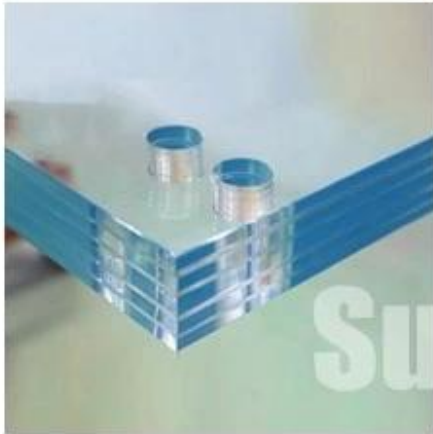

Glass type: 55.4 blue green tempered laminated safety glass

Other glass thickness: 9.52mm blue green laminated glass, 11.52mm blue green laminated glass, 13.52mm blue green laminated glass, 17.52mm blue green laminated glass, 21.52mm blue green laminated glass, 25.52mm blue green laminated glass etc

Available Glass Choice: clear glass, low iron glass, green glass, bronze glass, blue glass, grey glass, acid etched I glass, silk screen glass, low e glass etc.

PVB thickness: 0.76mm pvb glass, 1.14mm PVB glass, 1.52mm PVB glass, 1.9mm PVB glass etc

Max size: 3300x12000mm

Applications:

11.52mm blue green pvb laminated glass use in interior and exterior glass, same as below:

Glass partition

Glass railing/glass balustrade/glass fence

Decorative glass

Quality Certificates:

11.52mm blue green pvb laminated glass are produced strictly under ISO9001 Quality System and have passed following domestic and international quality standards:

1. 11.52mm blue green pvb laminated glass meet CCC(Chinese Safety Glass Compulsory Certification).
2. 11.52mm blue green pvb laminated glass meet China laminated glass standard GB9962.
3. 11.52mm blue green pvb laminated glass meet European safety glass standard EN12543, EN14449, American safety glass quality SGCC.
