

SZG-Building Glass Manufacturer-13.52mm ultra clear curved tempered laminated glass

13.52mm ultra clear curved tempered laminated glass is made by two pieces of low iron curved tempered glass (ultra clear curved toughened glass) inserted by 1.52mm transparent PVB interlayer. After heating and high pressure in the high-pressure autoclave, the two pieces of glass panels are tightly glued together by the PVB film. 13.52mm ultra clear curved tempered laminated glass is also called 13.52mm low iron curved tempered laminated glass, 66.4 low iron curved glass, 6mm+6mm ultra clear curved ESG VSG, etc.. It's a type of safety glass which is popularly used in buildings.

Images of 13.52mm ultra clear (low iron) curved toughened laminated glass:

Advantages of 13.52mm curved low iron tempered laminated glass:

- 1.Security: When the curved laminated glass panel is broken, the debris will still stick to the film and won't fall off.
- 2.High Strength: Tempered laminated glass is 4-5 times harder than non-tempered laminated glass.
- 3.High transparency, you can enjoy a good view when you look through ultra clear laminated glass.
- 4.The 13.52mm extra clear curved laminated glass can reduce the transmission of ultraviolet light.

Application:

13.52mm low iron curved toughened laminated glass is popularly used as following applications.

- 1.Balustrade, railing, handrail, balcony.
- 2.Roof, skylight.
- 3.Partition, storefronts glass.
- 4.Elevator, etc..

Notice:

All processes such as drilling holes, polishing edge, rounding corners, cutouts, cutting notches, etc. must be finished before being tempered and then laminated.

Production Equipment :

Specifications:

Product name: 13.52mm ultra clear curved tempered laminated glass

Combinations: 6mm low iron curved tempered glass+ 1.52mm PVB+ 6mm low iron curved tempered glass

Other colors available: Blue ,grey, bronze, green, other customized color.

Maximum Size: 3.3M*12M

Delivery: 7-15 days, urgent services are available.

Quality standards:

SZG - tempered laminated glass are produced strictly in accordance with the requirements of the ISO 9001 quality management system certification and meets the following quality standards.

1. Chinese Safety Glass standard (CCC).
2. BS 6206 certificate of UK safety glass standard.
3. European safety glass quality standard: EN 14449 certificate (CE).
4. USA laminated safety glass quality standard: SGCC certificate.
