

SZG-Glass Manufacturer-Building Glass-17.52mm black silk screen tempered laminated glass railing

17.52mm silk screen tempered laminated glass balustrade is made of [17.52mm silk screen tempered laminated glass](#). The 17.52 mm tempered laminated glass is a kind of safety glass which is combined by one piece of [8mm clear tempered glass](#) and the other of piece **8mm black silk screen tempered glass**. It can efficiently reduce people injury from glass breakage, because when the glass broken, the debris still stick to the film and won't fall off., the whole glass panel is still in complete shape to offer protection before replacement. Because of its security, it's widely used in the modern building.

Images of 17.52mm clear tempered laminated glass railing:

**Notice:**

All processes such as drilling holes, polishing edge, rounding corners, cutouts, cutting notches, etc. must be finished before being tempered and then laminated.

Advantages of SZG 17.52mm toughened laminated glass balustrade:

- 1.Safety : When the laminated glass railing is broken, the debris still stick to the film and won't fall off, the whole glass is still in complete shape to offer protection before replacement, so that it can reduce injury.
- 2.High strength: 17.51mm tempered laminated glass balustrade is about 5 times harder than normal laminated glass balustrade.
- 3.High transparency: You can see the view clearly through 17.52mm clear tempered laminated glass railing.
- 4.Various colors for choice, the color of PVB can be customized.

Production - SZG glass factory:
