

Factory custom reflective tempered glass supplier, 6mm blue reflective tempered glass, tinted reflective coating tempered glass in china.

6mm blue reflective tempered glass is coated one or more metallic film on glass surface, 6mm blue reflective tempered glass can reduce the accumulation of indoor heat, the same thing, because it can present rich and colorful reflect tone on the glass, it can make the outer of the building floweriness and poly chrome.

Shenzhen Sun Global Glass provide quality customize and process service,you can customize size, color, shape etc, the Processing of glass service such as edge works, drill hole, safety corner etc. customize according customers requirement. The max size we can produce is 3300mmx13000mm.

The type of coated reflective glass

On-line reflective glass is also called Hard Coating Reflective Glass. The coating is proceeded when the surface of float glass is still hot. The coating would be firmer than the coating on the off-line reflective glass.

Off-line reflective glass is also called Soft Coating Reflective Glass. The coating process is proceeded after the production of 6mm blue tinted glass. The Off-line reflective glass is easier to be oxidized than Online coated glass. Thus, its coating is always used as inner layer of laminated glass, insulated glass. such as low-e reflective insulated glass.

The features of 6mm blue reflective tempered glass

- 1) **strength**, reflective tempered glass is four to five times stronger than standard reflective glass and does not break into sharp shards when it fails.
- 2) **High visible light transmitting rate**, low reflecting rate, low radiating rate ($e < 0.1$).
- 3) Avoid the light pollution and build good ecological environment.
- 4) can be cut, bent, tempered, heat strengthened and laminated without affecting the coating.

6mm blue reflective tempered glass application

Use in building wall, indoor partition,window,etc.

Product line

Packing & loading

Each glass sheet is separated by high and quality of anti-mildew paper,
