

5/8" 3/4" ice cracked glass table tops supplier & manufacturer in China

Cracked glass table tops is made of 5 layers, two annealed glass (untoughened glass) plus two resin interlayer plus a toughened glass panels in the middle. When laminated together, use a professional machine to broken the middle glass, the toughened glass. When toughened glass broken, it will be shattered to many small fragments but all pieces captured by the resin films. Then sealed by two panes of annealed glass on two sides. The final table top panel is an amazing glass art product. It is more and more popular, and was used in many high level interior decoration projects.
